Dear Honorable Consul General Kalinin,

International Undergraduate Student Admission in 2015/16

Greetings from Hong Kong Baptist University!

We are truly grateful for your interest in promoting Hong Kong higher education institutions to prospective students in your country. I have the pleasure to enclose copies of our promotional materials for your distribution. As you know, we are a fully government-funded university in Hong Kong. We have well-established and internationally recognized programmes across seven divisions – Faculty of Arts, School of Business, School of Chinese Medicine, School of Communication, Faculty of Science, Faculty of Social Sciences, and the Academy of Visual Arts. We use English as the medium of instruction for formal classroom teaching. We have professional, dedicated and caring faculty and staff members. We are located in the heart of the city.

Furthermore, Hong Kong Baptist University is truly committed to internationalization on campus. We welcome applications from your students. For the 2015/16 academic year, the on-line application period is November 3, 2014 – January 5, 2015 and the paper application period is January 6 – February 16, 2015. We also offer scholarships (which cover **full** tuition costs and basic living expenses) to selected outstanding students.

Hong Kong is a cosmopolitan city, a major hub of Asia and the gateway between China and the western world. It is also considered one of the safest places in the world. To encourage international students to study in Hong Kong, the Hong Kong Government allows full-time, international degree-seeking students to take up part-time on-campus employment during the academic year and/or full-time employment during the summer months. Moreover, international fresh graduates will be granted a stay of 12 months and are free to take up any employment. We trust your students will welcome these employment opportunities in Hong Kong.

If you, your colleagues, and students have any questions about studying at Hong Kong Baptist University, or require additional copies of the enclosed materials, please feel free to contact my colleague, Sandy Lee, at email [skwok@hkbu.edu.hk](mailto:skwok@hkbu.edu.hk) or phone +(852) 3411-5347.

Sincerely,

Peter Li
